

Shemuel Rei Lagrosa

Full-Stack Developer & No-Code Specialist

shemuelrei@gmail.com | +63 970 218 5696 | reilagrosa.vercel.app | Iloilo City, Philippines

PROFESSIONAL SUMMARY

Full-Stack Developer & No-Code Specialist with experience building custom web applications, mobile apps, websites, sales funnels, CRM systems, and automation workflows. Skilled in React, Next.js, React Native, Node.js, Supabase, n8n, GoHighLevel, Kajabi, Wix, Squarespace, Figma, and Canva.

WORK EXPERIENCE

Marketing Assistant / Full-Stack Developer | VIP Scale | 2026–Present

- Built internal apps with Next.js, TypeScript, Node.js, and Supabase.
- Created n8n automation workflows integrating third-party APIs.
- Built landing pages, funnels, and CRM workflows using GoHighLevel, Kajabi, Wix, and Squarespace.
- Customized pages with HTML, CSS, and JavaScript.
- Tested websites, funnels, automations, and customer journeys before launch.

Software Developer Intern | VIP Scale | 2025–2026

- Built production-ready React and Next.js applications.
- Integrated REST APIs and real-time services.
- Supported agency client websites, automations, and landing pages.

SELECTED PROJECTS

Hive Trading (*Next.js, TypeScript, n8n*)

AI-powered trading platform with automated workflows.

Let There Be Lights (*React, Vite, CSS*)

Marketing website from design to launch with custom frontend enhancements.

PatchUp (*React Native, ESP32*)

Mobile roadside assistance platform with BLE integration.

VIP Scale tools(*Next JS, n8n, Supabase*)

Built a productivity dashboard with task management, time tracking, AI tools, and automated backend workflows.
